$291.94

April 11, 1988

Dear Publisher:

Enclosed you will find the Online Royalty Statement for the second half of 1987 and a check which represents payment for the use of your publication(s) in our online database products.

What's new at IAC? To begin, we are moving to Foster City, California. The transition is anticipated to be completed by April 1, 1988. Our new address is:

362 Lakeside Drive
Foster City, CA 94404
415/378-5000
(Our toll-free number is the same)

I'd also like to take this opportunity to inform you about our latest product, entitled The InfoTrac™ Reference Center. The Reference Center enables libraries to construct reference networks with up to eight terminals providing access to up to sixteen compact-disc drives and eight videodisc players.

In addition, the network allows for dial-out access to remote databases from all or any of the terminals on the system. IAC provides software and interface support to enable access to optical disc databases published and produced by other vendors. All of IAC's optical disc databases can be accessed simultaneously on The Reference Center.

I enjoy having this opportunity to keep you informed of IAC's constant new technologies. If you have any questions regarding your statement, please call.

Sincerely,

Jinna Gibson
